## Holes 1 thru 9

This is a great 3 shot par 5. Be anywhere but right off the tee. Take Par and Run!

Hit your drive down the left hand side of the fairway to open up the green. Right of green is trouble. Make sure to take enough club to clear front right trap.

Bombs Away! This is a possible 2 shot Par 5 if the wind is helping. Don't be fooled, this hole is far from easy.

Our Signature Hole. Don't be fooled by the scenery. This hole requires a precise shot towards the left hand side of the green.

Caution! Keep driver in the bag. This hole can be reached with a short iron even with a lay up club. This green is a 3 putt waiting to happen.

Play your lay up club down the middle right hand side of the fairway. This leaves a short iron to an elevated green. An extra club may be needed here.

Delightfully devilish Par 3. Wind can play havoc with club selection. Tee shot must be on correct tier of green to assure Par or better.

Drive must be down the right hand side of the fairway. A middle to long iron into a difficult tiered green. The toughest hole on the front 9.

Driver or fairway metal down the right hand side of fairway. There is more room right than it looks off the tee. Green breaks subtly toward the water hazard.
